DETAILED ACTION

1. Claims 1-19 are pending. Claims 7-14 are withdrawn from consideration as drawn to a non-elected invention.

Election/Restrictions

2. Newly submitted claims 15-19 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Claims 15-19, drawn to a computer program product, are grouped with previously non-elected Group IV, claim 14.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 15-19 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Claim Rejections - 35 USC § 101

3. The previous 35 USC 101 rejection is withdrawn.

Claim Rejections - 35 USC § 102

4. Claims 1-6 are rejected under 35 U.S.C. 102(a) as being anticipated by Miller, US 6,697,787 or Miller, US 6,202,052.

Applicant's August 16, 2005 AMENDMENT and REMARKS have been reviewed, but are not convincing.

It is noted Miller, US 6,697,787 is a continuation of Miller, US 6,202,052.

Each Miller reference discloses does provide taxpayer data to a tax data provider, e.g. claim 1 of US 6,697,787. The authentication of the taxpayer data is deemed inherent with each Miller reference as it is designed to ensure privacy and security. The taxpayer authentication data may be no more than a social security number that is inherent with the filing a tax returns. The Miller references do not preclude a plurality of tax data providers. It is noted that this also would be inherent as a tax payer associated with a plurality of the taxpayer's employer is common knowledge with the filing of a federal/state/local tax form. Each Miller system allows for such.

5. Further pertinent references of interest are noted on the attached PTO-892.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
